Support 1080p Screen and 1080p Video Play  
Support WIFI and 4G Dongle for Back Service  
Communication

### Hydraulic System

Jetinno Patented  
700ml Stainless Steel Boiler  
Pressure Sensor Design  
Piston Pump

### Mixer

Jetinno Patented  
High Speed  
Speed Adjustable

### Canister

Made in Italy  
FDA, NSF Certificated

### Communication

MDB  
EVA/DTS

### Parameters

Maximum Power: 2700W  
Fuse: 15A  
Life Span: 125,000 Cycles  
Mug Cup Table: 60-110mm Cups: 500  
cups  
Instant Drinks Speed: 20s

### Optional

Water Pump  
4G Module  
Bill Validator  
Coin Changer  
Mobile Payment  
Foot Wheels

### Operating Environment

Voltage: 220V-240V AC, 50/60Hz  
Temperature: 5°C to 50°C Humidity:  
10% to 95%

### Dimensions and Weight

Dimension: 1830mm X 664mm X 700mm (H x W x  
D) Weight: about 160kg

### Instant Water Chiller

German design technology  
3 seconds refrigeration, continuous cold water output  
Stable cold water temperature  
Environmental friendly refrigerant
